

Money Machines Model 3+1 Currency Scanner Three Pocket

Benefits

- ✓ “THE” most heavy-duty, cost-efficient 3 + 1 pocket scanner in the industry today priced at \$ 7995.
- ✓ The Model 3+1 Scanner can do anything you need it to do in a heavy cash handling operation. In fact, it can do more than you might have ever imagined a counter could do, especially for its price. For example:
 - Four bill denominations can be sorted and totaled in a single pass.
 - Old bills can be sorted out into individual bins and totaled
 - Easy to use as operator’s are guided throughout all operations via the 7” LED Display.
 - Identify all counterfeits with super advanced detection, patented sensors and analytic software to catch counterfeits that others miss.
 - All internal counting data can be transferred to printers or external terminals.
